Q: What was the last picture you took with your phone? A: A picture of our daughter looking out the back door.

- Q: If you had to move to another country, which would you pick and why?
- A: Australia. When the weather is nice everyone takes off work and goes to the beach.

Q: What's one thing we wouldn't guess about you?

- A: I've been skydiving twice.
- Q: What's a common mistake homeowners make when they take on a home improvement project themselves?
- A: Everyone gets excited about demo and destroying the old to bring in the new. Make sure you do your research and speak to professionals before taking a sledgehammer to a wall. It could be load bearing and/or have plumbing and electric running through.

Q: Where do you go online to find inspiration?

A: Pinterest. It's the best spot to search and to save what you like in one spot.

Q: What's your best organization hack?

A: Recently I was having trouble keeping my jewelry organized and I was constantly untangling necklaces. There was a blank wall in my closet so I used the vertical space and hung S-hooks on a curtain rod to keep everything organized and in sight. This makes choosing my accessories much easier!

Q: What are your best small space living hacks?

A: Choose furniture that can double as storage. An ottoman that has a lid to keep blankets inside, or a coffee table that pulls up into a desk for working at home. There are so many options available to give you what you need without crowding your space.

Q: What's a must have at any party you're throwing?

A: Toothpicks. I'm a bit of a germophobe! I like to serve appetizers and most of the time it's small bites so I provide toothpicks for people to grab what they want without having to put their fingers in the bowl of olives or all over the cheese platter.

Q: Would you rather upgrade your closet, bathroom or kitchen?

A: Kitchen for sure. We spend majority of our time in the kitchen and we love to cook!

Q: The three things I can't live without are:

A: My phone/camera, Yeti with coffee, Aquafor
